

THE WARMING TIES BETWEEN ISRAEL AND SUDAN

October 16, 2020 | Sudan is likely to become the next Muslim majority nation to normalize ties with Israel, following an ultimatum from the US government.

Sudanese government sources have told Israel's *i24News* that the North African nation has decided to push forward and establish formal relations with the Jewish state after being given a 24-hour deadline by the US to make a decision.

The US reportedly promised billions of dollars in aid to the transitional government as well as promising to remove Sudan from a list of states who sponsor terror.

Sudan is struggling to rebuild after ousting its former ruler, Omar al-Bashir, in 2019. It was under his regime that the nation was placed on the US government's state terror sponsor list. Remaining on that list has made it difficult for the nation to recover financially, due to sanctions and an inability to receive support from foreign nations.

The Muslim majority nation has certainly experienced pushback from a vocal Islamic sector, but journalists and activists are painting another picture of the public opinion.

A recently founded organization called the Sudanese-Israeli Friendship Society held a videoconference meeting on Thursday with a group of Israelis to discuss the Sudanese people's interest in forging ties with the Jewish state.

The co-founder of the group said that the outside world is being told that the people are against normalization with Israel, but they are seeing the opposite.

"The trend is in favour, and it continues to gain momentum," El-Sadig Ishaq said. "That's what we hear and see on the street, especially with young people. That's why we felt encouraged to create the Friendship Society, because it reflects the will of the people."

TRUMP ANNOUNCES ISRAEL-SUDAN PEACE DEAL

Oct 24. During a call with Prime Minister Benjamin Netanyahu, Sudan Sovereign Council president General Abdel Fattah al-Burhan and Sudanese Prime Minister Abdalla Hamdok, Trump brought reporters into the Oval Office and announced:

“The State of Israel and the Republic of Sudan have agreed to make peace.” A senior Trump aide, Judd Deere, said that Sudan and Israel *“have agreed to the normalisation of relations.”*

Trump said Sudan had demonstrated a commitment to battling terrorism. *“This is one of the great days in the history of Sudan,”* Trump said, adding that Israel and Sudan have *been in a state of war for decades.*

“It is a new world,” Netanyahu said over the phone as Trump took questions from the White House press corps in the Oval Office.

“We are cooperating with everyone. Building a better future for all of us. We are expanding the circle of peace so rapidly with your leadership,” Netanyahu could be heard telling Trump, who responded by saying;

“There are many, many more coming. I do see an enthusiasm from most countries in the world, from most people in the world across the political divide. Yeah, Iran is unhappy, Hezbollah is unhappy, Hamas is unhappy, but most everybody else is very happy,” he said.

Trump was asked whether Israeli and Sudanese leaders would be invited to Washington for a signing ceremony akin to the one held last month with Netanyahu along with the foreign ministers of the UAE and Bahrain after those respective countries agreed to normalise ties with the Jewish state.

“We will have them along with some other countries that you’ll be hearing about coming, probably simultaneously,” Trump responded. **“Then ultimately we’re going to have a big reunion at the end where everybody’s here and everybody’s gonna sign. We expect Saudi Arabia is going to be one of those countries.”**

In a video statement released shortly after the announcement, Netanyahu said Israeli and Sudanese teams would soon meet for talks on **“wide-ranging cooperation, including agriculture, trade and other sectors important to our citizens.”** Netanyahu also said that Sudanese airspace was now open for Israeli flights, which would shorten journeys from Israel to Africa and South America.

But because it's Trump, the fake news media has to pretend it's not happening. But it is happening, it is **connected to bible prophecy** and it is very exciting to watch. But the Abraham Accords is a blessing and a curse at the same time.

ISRAEL SIGNS PEACE DEAL WITH BAHRAIN; ESTABLISHES 28 DIRECT WEEKLY FLIGHTS TO UAE.

Israel's commercial El Al flight 973 , (a nod to the international dialling code for Bahrain) — flew through Saudi Arabia's airspace en route to Manama.

A joint American-Israeli delegation landed in Bahrain on Sunday, where officials signed a number of bilateral agreements following an announcement last month to normalize relations.

During the meetings, Israel and the United Arab Emirates (UAE) **agreed on 28 direct flights per week between the two countries.**

The governments also approved 10 weekly cargo flights a week and unlimited charter flights to Eilat, an Israeli resort town in the country's south.

HUNDREDS DEAD AS ISIS SEIZES SYRIAN AIR BASE

OCT 24, 2020. **ISIS** (Islamic State) militants stormed an air base in north-east Syria this week, capturing it from government forces after days of fighting **that cost more than 500 lives**, a monitoring group said.

The Syrian Observatory for Human Rights said at least **346 Islamic State fighters** were killed and more than **170 members of government forces** had died since Tuesday in the fight over Tabqa base, **making it one of the deadliest confrontations between the two groups since the start of Syria's war.**

In nearby Raqqa city, an Islamic State stronghold, there was celebratory gunfire and several mosques announced through their loudspeakers that the base had fallen to the Islamists and cheered "**God is greatest**", a witness told Reuters.

Islamic State Fighters displayed the severed heads of Syrian army soldiers in the city square, the witness said, adding that Syrian warplanes were heard over Raqqa following the air base attack. Earlier on Sunday the Syrian air force had bombed areas around the base.

Islamic State, a radical offshoot of al Qaeda, has taken three Syrian military bases in the area in recent weeks, boosted by arms seized in Iraq.

Syria is calculating that the IS push to reshape the Middle East will eventually force the West to deal with President Bashar al-Assad as the only way to tackle the threat, sources familiar with Syrian government thinking have said.

CHINA IS THE ONLY COUNTRY IN THE WORLD WITH POSITIVE GDP.

By William Koenig. White House Correspondent

24 Oct. 24. The Chinese Communist government's alleged release of the coronavirus at the time the U.S.-China trade agreement was being finalised and then signed at the White House on January 15, 2020, **was very suspect**.

Moreover, China with the help of Dr. Tedros Adhanom Ghebreyesus, the Director of the World Health Organization (WHO), denied the seriousness and scope of the pandemic, and it rapidly grew in Europe and the U.S.

The financial bailout costs to the United States included just under \$3 trillion from the U.S. Government and \$2.2 trillion from the Federal Reserve. Plus, massive business losses with a reported 500,000 small businesses on the verge of bankruptcy.

The United States and Europe are continuing to pay a huge financial price while China is the only country in the world with positive GDP.

The Chinese economy advanced 4.9% Year on Year in Q3 2020, faster than a 3.2% expansion in Q2 but below forecasts of a 5.2% growth.

In 2020 so far China has minted 257 billionaires and added \$1.5 trillion to their wealth.

China has reportedly deployed new hypersonic missiles across from **Taiwan** as it marshals forces **in preparation for a future invasion**.

If the Biden/Harris Socialist team are elected next week, China will see a green light for it to expand its dangerous military adventure in the South China Sea – even more certain now that evidence has emerged of Biden's financial ties to the Communist regime. He is a deeply flawed and compromised man.

But ...

“Our citizenship is in Heaven, from which we also eagerly wait for a (*the*) Saviour, the Lord Y’shua the Messiah; who will transform the body of our humble state into conformity with the body of His glory, by the exertion of the power that He has even to subject all things to Himself.” (Philippians 3:20-21)
