## THE UNITED ONE-WORLD RELIGION

“Come, I shall show you the judgment of the great harlot *who is* sitting upon many waters, with whom the kings of the earth committed fornication; *indeed* those living who dwell on the earth were made drunk with the wine of her immorality.” (Revelation 17:1-2)

OUR regular readers have read, over the years, various reports on Mystery Babylon, and the developing one world religion. They know about the World Council of Churches, the World Parliament of Religions, and the United Religions, all of which are continuing their push towards the goal of a one-world religion.

The World’s Parliament of Religions began in Chicago in 1893, and the World Council of Churches in 1948. The United Religions Initiative was more recent - it was founded by William Swing, the Episcopal bishop of California, in 1997.

A new book, ***“False Dawn: The United Religions Initiative, Globalism, And The Quest For A One-world Religion”*** by Lee Penn, exposes the secretive but powerful movement for a new global faith.

The United Religions Initiative, (URI) is the most ambitious organization in today’s ecumenical (interfaith) movement. Investigative reporter Lee Penn, maintains that this worldwide movement provides a “spiritual face” for globalization - the economic and political forces that are demolishing nationalism and creating a one-world system.

In his book, Lee Penn, a Catholic ex-Marxist, exhaustively documents the history and beliefs of the URI and its New Age and globalist allies, and the vested interests that support these movements, and the direction they appear to be taking.

The interfaith movement, he says, is no longer the activity of “the little-headed religious idealists with grandiose visions.” The URI’s proponents range from billionaire **George Soros** to President **George W. Bush**; from the far-right **Rev. Sun Myung Moon** to the liberal Catholic theologian **Hans Küng**; and from the **Dalai Lama** to the leaders of government-approved Protestant churches in **China**.

According to Penn, the interfaith movement, including the URI, is being promoted by globalist and New Age reformers who favor erosion of national sovereignty, marginalization of traditional religions, establishment of “global governance,” and creation of a new, Earth-based “global spirituality,” in effect, a one-world religion.

The URI and the interfaith movement are poised to become the spiritual foundation of the New World Order – the “new civilization” that was proposed by Mikhail Gorbachev, the last leader of the Soviet Union. - Source: WorldNetDaily.com / 14 June, 05
